THE PATH TO THE BIRTH OF ORGANIC TIME

FOCUS ON THE UNKNOWN POTENTIAL OF ORGANIC PLANTS*

The organic JAS standard allows the use of some organic pesticides and organic fertilizers.
As a manufacturer of cosmetic products, we are
Focus on the strong vitality and excellent functionality of organic plants
We have been working on developing raw materials for organic cosmetics.
Basics, Grown by cultivation methods that do not use agricultural chemicals (herbicide, insecticide)*
and chemical fertilizer *
Organic plants are not only safe and secure but also
It also has the power to survive severe weather conditions.

*The organic JAS standard allows the use of some organic pesticides and organic fertilizers.

MEETING WITH MIRACLE APPLE FARMERS AKINORI KIMURA

We focused on the powerful vitality of organic plants
While trying to find cosmetic ingredients
I met Mr. Akinori Kimura, a model of the movie
"The apple of miracle".
An apple is brought up like a child on a TV program
The person in charge of cosmetics development was impressed
by Mr. Kimura's appearance
"Everything is organic like this apple
I want to be a raw material for cosmetics "
I came to have a strong feeling that

Miracle apple farmers
Mr AKINORI KIMURA

FOCUS ON DEVELOPING ORGANIC COSMETICS

Taking the opportunity to meet Mr. Kimura, we are working on research on organic raw materials I became more jealous. And get new ideas and new ideas Succeeded in developing organic cosmetics using original ingredients

*Flowers, fruits, etc.

Delivering an organic beautiful style

ORGANIC TIME SKINCARE LINE

Now that natural-oriented cosmetics have come to be supported
Organic cosmetics are attracting attention.

The power of organic plants is being investigated now
We do further research and not only pursue the kindness to the skin
We have also wanted to use it for people with various skin problems*1.

Therefore we explore various organic plants*2 from all over the country
Developed 60 kinds of original raw materials*3.

Aiming for cosmetics that satisfy all nature-oriented women who can stay
together for the rest of their life
It was born after repeated trials and errors

ORGANIC TIME SKINCARE LINE.

*1 Drying, rough skin etc. *2 Flower, fruit etc.
*3 Organic Time The skin care line contains 18 of them.

Paraben free • Synthetic fragrance free • Synthetic colorant free •
Synthetic surfactant free • Realized mineral oil free and genetically modified raw material free

※ There are no animal experiments.

☑ Paraben free

Paraben which is mentioned as a representative of preservatives is not used.

☑ Synthetic fragrance free

No artificially synthesized flavors are used

☑ Synthetic colorant free

No artificially synthesized coloring is used

☑ Synthetic surfactant free

No artificially synthesized surfactant is used.

☑ Realized mineral oil free

We do not use mineral oil made from petroleum.

☑ Genetically modified raw material free

Artificially created by incorporating another plant or other gene into plant DNA
Plants are not used as raw material.

We make use of our experience in researching many organic plants While looking at the eyes and feeling on the skin, I searched for materials that I was able to really understand.

What is "OT LAMELLASOME"?

Skin with 10 organic ingredients * Nano-sized original capsule made easy to conform to. The OT lamellosome is similar to the structure (lamellar structure) of intercellular lipids in the stratum corneum, which keep the skin moist. It penetrates your skin* gradually and can keep moisture for a long time.

Structure of OT lamellosome, similar to the lamella structure of your skin

<p>Water soluble useful ingredients (10 organic ingredients)</p> <p>BEAUTIFUL SKIN MOISTURISING INGREDIENT</p> <ul style="list-style-type: none"> ● Rubus Idaeus (Raspberry) Fruit Extract ● Origanum Vulgare Leaf Extract ● Eruca Sativa Leaf Extract ● Malva Sylvestris (Mallow) Flower/Leaf/Stem Extract ● Pyrus Communis (Pear) Fruit Extract ● Eriobotrya Japonica Leaf Extract <p>MOISTURISING PROTECTIVE INGREDIENT</p> <ul style="list-style-type: none"> ● Malva Sylvestris (Mallow) Flower/Leaf/Stem Extract 	<p>ELASTIC INGREDIENT</p> <ul style="list-style-type: none"> ● Honey Extract ● Prunus Persica (Peach) Fruit Extract ● Glycine Soja (Soybean) Seed Extract <p>SKIN CONDITIONING INGREDIENTS</p> <ul style="list-style-type: none"> ● Prunus Mume Seed Extract 	<p>Phospholipid molecules</p>
